

## ClearGage Product Modules:

| Administration | **Manage Patients** | Transactions | Reports | Data Exchange | Resource Center |

The **ClearGage Payment Accelerator™** is a HIPAA and PCI compliant web-based software product designed to calculate, process, and collect your patient's medical payments quickly and cost-efficiently at the point of service. The software is comprised of several distinct modules that when combined, offer one of the most intelligent and comprehensive healthcare payment solutions available.

### Manage Patients

Manage and store patient payment information in our secure, HIPAA and PCI compliant application. The **ClearGage Payment Accelerator** is staff friendly, easy to use, and works with all HIPAA or HL7 compliant software systems.

*Here you can:*

#### Add Patients

Import patient demographic data directly from your practice management system (PMS) or manually enter a new patient.

#### Check Eligibility & Claim Status

Take advantage of ClearGage's FREE integrated medical claims clearing house to get real-time patient insurance information, including health insurance eligibility, co-payment responsibilities, and their annual year-to-date, out-of-pocket responsibilities. Or, we can work with any HIPAA or HL7 compliant clearing house of your choice.

#### View Your Patient Schedule

Import your patient's scheduled appointments using your PMS or manually enter a new patient's information. Schedules can be viewed and sorted by patient or provider name and appointment date and time.

#### Process & Review Payments

Review previous balances or plans, schedule payment plans and process one time transactions. The application uses advanced security and operational standards to secure and store card and account holder data.

#### Search for Patients

Use the robust search engine tool to easily search for patients. Patients can be searched by name, date of birth, appointment time or provider.

#### Manage Patients allows you to:

- ✓ Import patient demographics
- ✓ Verify insurance eligibility
- ✓ Calculate patient costs
- ✓ Get real time patient insurance information
- ✓ View & sort patient schedules
- ✓ Process & schedule payments
- ✓ Look up patients
