The **ClearGage Payment Accelerator™** is a HIPAA and PCI compliant web-based software product designed to calculate, process, and collect your patient’s medical payments quickly and cost-efficiently at the point of service. The software is comprised of several distinct modules that when combined, offer one of the most intelligent and comprehensive healthcare payment solutions available.

Transactions

How would you like to pay TODAY? The **ClearGage Payment Accelerator** contains everything you need to secure patient payment information, schedule future payments, or collect payments at the point of service.

Features include:

Payment Methods

Process payments from credit and debit cards and/or an electronic funds transfer (EFT) from the patient’s checking or savings account.

Deposits

All payments received are deposited directly into the provider’s account – without passing through an intermediary account, usually within 24 to 48 hours.

Point of Sale Transactions

Streamline administrative tasks and reduce keystroke errors by using the application to process all of your credit and debit card transactions.

Payments on File/Recurring Payments

Securely store credit and debit card and checking and savings account information for payment plans and automatic, recurring payments.

Telephone Payments /MOTO Accounts

Set up and authorize one-time or recurring payments for patients right over the phone – no more “*The check is in the mail!*”

ClearGage Patient Payment Portal – Coming Soon!

Enable patients to login online to view their account information and make payments any time of day.

Transaction Management

Set up your files to automatically settle every evening or manually run a batch.

Transactions allows you to:

- ✓ Accelerate the revenue cycle process
- ✓ Calculate patient costs
- ✓ Secure payment information
- ✓ Schedule recurring payments
- ✓ Reduce patient bad debt
- ✓ Collect patient payments
- ✓ Offer multiple payment options
